Who is geodrill?

Geodrill is a leading West African-based drilling company with a fleet of 74 drill rigs that provides exploration and development drilling services in Africa.

Is geodrill a good drilling company?

Geodrill is without exception by far the most able and well equipped drilling company we have employed in West Africa. Its rigs are always maintained to the highest standards, break downs are all but unheard of, lost time incidents are extremely rare and it is completely self sufficient and needs little to no input from Azumah staff.

How many rigs does geodrill have?

With a fleet of 102 surface and underground drill rigs, Geodrill provides Reverse Circulation, Diamond Core, Deep Directional Navi Drilling, Air-Core, Grade Control, Geo-Tech and Water Borehole drilling services to major, intermediate and junior mining companies and operates the largest fleet of multi-purpose rigs in Africa.
