

Boretek dth rig

What is a DTH rig machine?

DTH rig machine, down-the-hole drilling rig, is a powerhouse drilling tool designed for deep, accurate, and efficient boring in demanding environments. Ideal for mining exploration, quarry operations, water well drilling, and construction projects, DTH rigs deliver unmatched performance in hard rock formations.

How does DTH drilling work?

With DTH drilling, contractors can change the drill that they were using for the current directional bore to a rock drill when they encounter rock by connecting the drill with a compressor and a steerable hammer. Well drilling also needed changes to be made to rotary drilling when the well needed to take a turn.

What is DTH equipment used for?

It can be done on both hard and soft rock and is extensively used in the construction, oil and gas, and water well industries. DTH equipment consists of a drilling hammer and a piston powered by compressed air.

What is a DTH directional drill?

The DTH system is easy and quick to adapt to a directional drill and is considered one of the best and most effective methods to drill high-quality holes that are stable and straight. It can be done on both hard and soft rock and is extensively used in the construction, oil and gas, and water well industries.

Horizontal drilling rig Ditch-Witch AT-Boretec Rockmaster für Ditch Witch Bohrgeräte used can be bought on the Machinerypark international market place.

Specialists in percussive drilling for mineral exploration, blasting, water wells, geothermal energy and oil& gas.

KGR Rigs is ISO 9001:2008 manufacturers of DTH hammers Button Bits and Drill Pipes with Friction Welding & Induction Hardening under the brand name of KGR. Reliability, tested ...

We are a trusted manufacturer and exporter of mining and DTH drilling machines, specializing in Water Well Drilling Rigs, DTH Drilling Machines, Drilling Hammers, Drilling Accessories, and ...

Our DTH hammers are the result of the joint effort between Boretek and its customers. We have in the market a high-quality product for mining operations. Scuta 2 is a water-based fire ...

Herzlich willkommen bei AT-Boretec dem innovativen Hersteller von Produkten rund um den HDD-Bereich. Entdecken Sie unser vielfältiges Sortiment für alle ...
