

Dunlun drilling rig with payment plans

Does drill Financing Group Finance directional drills and rigs?

Often, equipment like drills and drill rigs falls outside of the bank credit window. Unlike banks, we have no age or collateral restrictions. We specialize in heavy machinery and finance lots of directional drills and drill rigs. Drill Financing Group is proud to offer leases and loans with more term options and greater flexibility.

Are drill rigs financed by banks or credit unions?

98% of drill and other heavy machinery transactions are not funded by local banks or credit unions. Bank and credit unions are great resources for credit lines, real property loans, and personal loans - but heavy equipment and machinery is another story. Often, equipment like drills and drill rigs falls outside of the bank credit window.

Why do water well drilling companies need cable tool drill rig financing?

Cable tool drill rig financing is important, which is why water well drilling companies look for an experienced cable tool drill leasing partner. Top hammer drill rigs (also known as drifter drills) are essential for many types of rock drilling.

Should you buy or lease a used drill rig?

Used for mining, exploration, water wells, and more, drill rigs are essential. They are also expensive, making a strong market for pre-owned drill rigs. Financing and leasing used drill rigs thus becomes a must for most companies, as even used pieces can be a significant part of a yearly budget.

Who is drilling financing group?

At Drill Financing Group, we know the industry, understand boring and drilling needs, and have tailored our loan and lease financing products to fit the unique needs of businesses - whether they want to expand a large commercial fleet or simply replace an aging piece of equipment.

How much does a drill rig cost?

How Can I Pay for that New Drill Rig? Contractors may be in trouble if they charge \$17 per hour to install a water well, but their \$1 million drill rig costs about \$25 per hour to operate. Heavy equipment to install wells is expensive, but homeowners don't consider their well as much as, for example, cabinets.
