

## Land drilling rig companies high end

What is top drilling company?

Top Drilling Company is a summary of the top drilling contractors in the US. Each description links to a rig locator map. Check out our rig locator page. Helmerich & Payne, Inc. (H&P)

Where are drilling rigs made?

Most new onshore rigs, both drilling and work over rigs, are built by OEMs in China. In the US, the larger vertically integrated land drillers have in-house manufacturing operations, so they will outsource some equipment construction, but assemble the new rigs at their own facilities.

Who is a land drilling contractor?

The International Association of Drilling Contractors (IADC) lists 547 members in the category of Land Drilling Contractors. According to Statista, the key US land drilling contractors are: Nabors Industries Ltd, Helmerich & Payne Inc, Patterson-UTI Energy Inc, Precision Drilling Corporation and Pioneer Energy Services Corp.

How is the land drilling market structured?

The land drilling market worldwide is structured primarily as a rental market, not a sales market, where land drilling companies lease their rigs to E&P companies for an agreed period of time - weeks, months, or years - at a day-rate. The rigs are then used to drill wells and execute the E&P's drilling programs.

How many land drilling rigs are there in Texas?

In Texas, generally considered to be the centre of US land drilling, RigData reports that there are currently 678 active rigs - split between Helmerich & Payne (160), Patterson-UTI (85), Nabors (64), Precision Drilling (39) and 77 other drillers (330). The Market For Land Drilling Rigs & The Companies Manufacturing Them
