

## Panama drilling rig wrecks manufacturer

Could the worst offshore oil rig disasters have been avoided?

Rig explosions, fires, capsizing/sinking, oil spills, and the loss of workers and marine lives have been the most catastrophic forms of offshore oil and gas drilling disasters in recorded history. Investigational reports on some of the world's worst offshore oil rig disasters suggest that most of these accidents could have been avoided.

Who owns the Kielland oil rig?

This list is in no particular order. On March 27, 1980, 212 offshore workers were aboard the floating oil rig named Alexander L. Kielland. At the time, the platform was owned by the Stavanger Drilling Company but was used by Phillips Petroleum.

How many offshore workers died on the Kielland rig?

On March 27, 1980, 212 offshore workers were aboard the floating oil rig named Alexander L. Kielland. At the time, the platform was owned by the Stavanger Drilling Company but was used by Phillips Petroleum. Out of the 212 offshore workers aboard, 123 were killed.

How much money did the oil rig disaster cost a family?

Lawsuits raised by families of the lost totaled \$20 million. Offshore workers often get high salaries, and it's easy to see why. A career in the drilling of oil and gas comes with many risks, and when things go bad, oil rig disasters can bring heartache to dozens, if not hundreds of families.

What if I'm injured in an offshore drilling rig accident?

Offshore workers are susceptible to an exponentially long list of risks associated with their work. If you or a loved one have been injured in an offshore-related accident, do not hesitate to contact an experienced offshore drilling rig accident lawyer at Morrow & Sheppard, LLP today to discuss your legal rights.

What happened to Transocean oil rig?

At the time, Transocean owned the rig, which was performing drilling operations for BP. As we all know, the oil rig exploded and caught fire on April 20, 2010, off the coast of Louisiana. However, before the rig exploded, numerous red flags indicated that it could (and would) happen in the near future.

Getech is a pioneer in manufacturing multipurpose drilling rigs for water well, mining, piling, Soil investigation (SPT), pole hole drilling, solar panel hole drilling, road cable drilling.

Construction 180 Rotary Drilling Rigs Manufacturers in Panama- We are leading Construction 180 Rotary Drilling Rigs Manufacturers in Panama, Construction 180 Rotary Drilling Rigs Suppliers ...

Zhuozhou Three Source Equipment Company manufactures drilling rigs used for seismic drilling (blasthole),

## Panama drilling rig wrecks manufacturer

also provides water well and coring drilling rigs. Include man portable drilling rig, ...

Oil drilling rig manufacturers typically produce several types of rigs, including land rigs, offshore rigs, and mobile drilling units. Each type is designed for specific environments and drilling ...

Water well drilling made faster and easier with well drilling rigs and well drilling equipment designed to efficiently drill water wells.

Epiroc is a one of the leading drill rig manufacturers in the world. We offer rock drilling machines and other equipment for many different applications. For ...
