

# Payment plans for well digging equipment for sale

How much does it cost to dig a well?

Digging or driving a well is on the cheaper end (between \$10 and \$25 per foot) but is only applicable to shallow options with high water tables. In most cases, you'll need to drill deeper (100 to 200 feet on average) to access safe drinking water.

Does drill Financing Group Finance directional drills and rigs?

Often, equipment like drills and drill rigs falls outside of the bank credit window. Unlike banks, we have no age or collateral restrictions. We specialize in heavy machinery and finance lots of directional drills and drill rigs. Drill Financing Group is proud to offer leases and loans with more term options and greater flexibility.
