

## Professional sandvik dth hammer for sale

What is a Sandvik DTH hammer?

Sandvik DTH hammer designs offer high power and air efficiency, reducing operating costs and carbon dioxide emissions from drill rigs. These hammers work with various industry-standard shanks and a wide range of standard-size hammers. Sandvik's DTH hammer product offering covers all applications and mining conditions.

Which DTH hammers are best for drilling?

Drilling Supply Store offers a wide range of DTH hammers suitable for a variety of drilling operations. Our Down the Hole hammers provide the most versatile and cost effective rock drilling method. Sandvik "Down-the-Hole" or DTH hammer is used for drilling holes through a wide range of rock types.

What is a DTH hammer?

"Down-the-Hole" refers to where the hammer action occurs when compared to drifter hammers, which hammer on top of the drill string. The DTH hammer piston always makes direct contact with the drill bit and there is generally no loss of transmitted energy as the hammer drills deeper, as is the case with drifter (top hammer) rigs.

Sandvik DTH hammers transmit intensive impact energy with low energy loss. This results in good rock breakage, high penetration rates and high productivity. The equipment is designed to give ...

Leading Manufacturer of Down-the-Hole (DTH) Drilling Equipment for Mining, Construction & Water Wells. Premium products at fair prices. Get a Quote Today!
