

Rock drill brake pump

Delkom manufactures all spare parts of underground and surface rock drilling machines in original quality with its large production line in its high-tech equipped factory. It offers a comprehensive ...

Manufactured 1985, mounted on Ardco 6 x 6 carrier with Cat 3208 diesel engine, Norhill style tophead auger rig, driller's platform, toolboxes, no drill pipe, extra ...

The hydraulic controlled drilling system with added automatic functions and different optional instrumentation levels enable productive and high quality excavation. Built-in diagnostics help ...

The THC562 drilling control system with torque control and reaming hole selector increase drilling performance and reduces the wear on both rock drill and rock tools for an extended lifetime. ...

The extremely short but powerful Sandvik RD314 rock drill delivers the best ratio between the rock bolt length and drift height. The rock bolting process is completely mechanized and controlled ...

This instruction manual should be read in advance by all persons who are to operate or repair the drill rig or carry out maintenance on it. See separate instructions for documentation on the rock ...

The pneumatic rock drill is Disassembly equipped with five hydraulic cylinders, one each a. for Removal. feed lift, boom lift, feed swing, boom swing,(1) and Lower feed the extension. rock ...

The "All Star" two-boom rig Boomer 282 is a world popular face drilling rig installed with two robust BUT 28 booms and available with a variety of rock drills. Stable and highly efficient ...

We provide air compressors, rock drills, pumps, generators, all terrain fork lifts, abrasive cleaning equipment and much more. Our rental equipment is ...

Epiroc rock drills are core components to your drilling equipment. To ensure the safest and most efficient operation of you equipment, we offer a full line of ...

Sandvik DD311D-40C is a single boom diesel hydraulic jumbo for fast and accurate drilling in drifting and tunneling of 40 m² cross sections. The hydraulic controls enable accurate and ...

2.1 Foreword This instruction manual is part of the complete delivery of the drill rig. It provides information on the design and operation of the drill rig and contains advice and the measures ...

Built from proven and reliable components, Sandvik DS311 uses RD314 or RD315 rock drill for fast

Rock drill brake pump

performance, installed on the Sandvik Bolting Head with low operating cost.

EZEBREAK LLC is the manufacturer and marketer of the Micro-Blaster(TM) product line, a suite of patented rock breaking equipment that is powerful, portable, ...

To successfully drill very hard rock, minimum requirements considered appropriate are: 50,000-pound-thrust rig 27/8 inch-diameter drill pipe 43/4-inch pilot bore, using tricone ...

This document provides a technical specification for the Atlas Copco Boomer 282 underground drill rig. It can be equipped with either a COP 1638HD+ or COP ...

This document provides technical specifications for the Sandvik DD421 development drill. It has two hydraulic rock drills, two booms, and can drill holes up to 4,660 mm in length. Key features ...

Our new Sandvik RDX5 rock drill now replaces the previous HLX5 model, capitalizing on the existing reliability and efficiency of its predecessor - whilst further improving/lowering operating ...

The document provides technical specifications for the Sandvik DT821-C tunneling drill. It has two hydraulic rock drills, two booms, and can drill holes up to 6.18 meters long. It also has optional ...

Browse Cat#174; parts store's ground engaging tool (GET) rock drill parts assortment to find what's needed to keep your heavy machinery running smoothly.

The RD314 rockdrill is a high efficiency rockdrill with powerful drilling performance and reduced drillsteel consumption. DD211 TECHNICAL SPECIFICATION HYDRAULIC ROCK DRILL

Epiroc rock drills are core components to your drilling equipment. To ensure the safest and most efficient operation of your equipment, we offer a full line of ...

The drill rig is designed for good visibility and stability, the powerful four-wheel-drive articulated carrier ensures fast and safe maneuvering in compact underground drifts. The robust ...

64581937 - HYDRAULIC PUMP - 64581937 -SANDVIK BRAKE PUMP | Our company is a full hydraulic rock drill manufacturer. It also provides after-sales spare parts support.The variety of ...

The HLX5 rock drills deliver superior performance with high consumable life. The B 26 F universal booms have a large optimum shaped coverage and full automatic parallelism. The booms can ...

A double rotation actuator allows a vertical positioning on both sides of the boom and the possibility to drill extremely close to the hanging and foot walls, both to the right and left side. ...

Rock drill brake pump

It has two hydraulic booms for drilling in tunnels up to 110m². It lists main specifications, dimensions, technical details of the carrier, rock drill, feed, control system, and optional ...

We handle all kinds of products including: drill rigs, high pressure air compressors and boosters, downhole drills and various types of drill bits. We provide casing ...

We use Adobe Acrobat PDF files so that you can zoom in, order parts, and print these spec sheets. These files are typically 70K to 250K in size. o A 25% restocking fee will be applied to ...

TECHNICAL SPECIFICATION Sandvik DD421 is a two boom electro-hydraulic jumbo for fast and accurate drilling in drifting and tunneling of 8. - 60 m² cross sections. The improved hydraulic ...

Ranger DX900i is a hydraulic, self-propelled, self-contained, crawler based surface drilling rig equipped with a cabin (F.O.P.S. and R.O.P.S.) and rod handling system.

UNDERGROUND DRILL RIG TECHNICAL SPECIFICATION DS311 is the most compact mechanized rock bolter on the market. Its unique rock bolting concept delivers the best ratio of ...

The high performance drilling system allows high drilling performance with good drill steel economy and high machine reliability. The operator environment and added automatic ...
