(NOTE: Core Drilling depth capacity's based on straight, vertical, clean drill holes. No allowance made to break core.) The UDR range of exploration core drilling rigs consists of five different models, with N size drilling capacity ranging from 400 m to 2300 min depth.

EQUIPMENT Diamond / Multi-purpose Drill Rigs As a full service provider to the resource, water well and geotechnical drilling industries, FORACO provides a ...

Rock drills are among the most versatile tools used in the drilling and splitting of rock holes. Pneumatic rock drills present themselves as a popular and extremely hard-wearing piece of ...

DR412i blasthole drill is designed to deliver dependable penetration and greater return on investment for rotary and DTH holes. From onboard automation that ...

We produce top quality alternative rock drill and drill rig spare parts for Epiroc, Sandvik, Furukawa, Atlas Copco, Montabert etc. With ready stock and large ...

Used Surface, Rock & Air Track Drills for sale in Australia. Ute Mounted & Portable Models from Leading Dealers & Private Sellers.

Traxxon is a leading supplier of surface drill rigs from Sandvik in Canada, providing precision rock drilling equipment for challenging applications.

We engineer an extensive range of underground drill rigs for mining development and production. Available

## UDR series rock drills

in a variety of feed lengths, boom configurations and size classes, our underground ...

51/ UDR1500 DRILL RIG The UDR1500 is a multipurpose specialized deep hole drill rig, which is highly effective in deep hole diamond coring and rotary drilling techniques. Featuring a 12 ...

FINDING Sandvik UDR1500 The UDR1500 MK III is a multipurpose specialized deep hole drill rig, which is highly effective in deep hole diamond coring and rotary drilling techniques. Featuring ...

It is the Deeprocks HD-55 Pro-Series 2024 model price [\$3910.00] plus shipping \$340.00 in lower 48 states. It comes with 100 ft of USA steel 1 1/4 inch drill pipe and also a 6 ...

TECHNICAL SPECIFICATION The SCX DE881/UDR1200 is a heavy duty multipurpose exploration drill rig, it is the industry benchmark in performance. The drill rig offers more depth ...

Epiroc rock drills are core components to your drilling equipment. To ensure the safest and most efficient operation of your equipment, we offer a full line of support specific to these ...

Epiroc offers the most comprehensive line of rotary blast hole drilling rigs in the industry. With a multitude of configurations to choose from you can find the ...

TAMCO offers multiple Toku rock drills for a wide variety of applications. Whether you're drilling through rock, concrete, or brick. TAMCO offers a rock drill that will fit your distinct ...

The drills will be complemented by a wide range of tooling packages tailored to each drill model, thus opening up an exciting new market for Exploration's existing range of tooling. The UDR ...

Designed for drilling angles between vertical & 45°;. Incorporating a dual point mast pivot frame & 1,300 mm (4' 3") hydraulic mast dump to ground level at 45°; drilling angle.

UDR 300D core drill Skid mounted jack up Cummins QSC 8.3 (300hp) Chuck drive C30P rotation head 0-1500 rpm 3.45m stroke, 9m pull Main winch Wireline

SCX has a complete range of down hole tools and consumables to support exploration rigs for start up and continued operation, SCX can offer competitive tooling packages with the sale of ...

Drill Mast 9 m (30 ft) rod pull capacity. 12 m (39' 4") long. Designed for drilling angles between vertical & 45°;. Incorporating a dual point mast pivot frame & 1,300 mm (4' 3") hydraulic mast ...

Hirado Rock Splitting equipment for breaking out rock is very sensitive areas. Perfect for Urban Construction, Civils and projects where explosives blasting ...

## UDR series rock drills

UDR1500 multi purpose drill rig is designed for mineral exploration and various drilling techniques including diamond coring, mud rotary, reverse circulation, directional drilling, coal bed methane ...

The Underground Core Drilling Rig is designed especially for underground 360° drilling work, capable of diamond core drilling and other advanced drilling works. The whole structure can ...

D15 top head drive coupled. High / low manual gear change. 7.5:1 first stage planetary, 3:1 helical gear final drive. 3 - 1,500 rpm. Stepless speed control, 3 - 2,000 rpm in low gear and 200 - ...

Sandvik DR412iE blasthole drill enhances rotary and DTH drilling performance, maximizing returns. It features scalable automation, from onboard systems to full autonomy, adapting to ...

The JRD30 Series rock drill is one of our most versatile units. Perfect for both wet and dry drill jobs, the JRD30 can be used to drill up to 10 feet deep and 1.5 ...

Find out all of the information about the Hirado Kinzoku Kogyo product: pneumatic drill attachment UDR series. Contact a supplier or the parent company directly ...
